Description

LIFAN POWER USA is a comprehensive line of professional duty power equipment designed with a focus on premium quality and outstanding value. Lifan has been manufacturing and selling innovative and value driven products worldwide for over 15 years. Lifan is distributed in over 100 countries from North and South America, Asia, Europe, Africa, and Australia. Lifan builds more than 5 million small engines per year and their worldwide presence has been made possible by producing equipment that is durable, reliable, and rugged for any market. IFAN POWER USA prides itself in standing behind all Lifan products with a industry leading 3 year limited warranty and offers the highest level of service and support with a complete parts and and service network. With proven performance and unmatched value, Lifan power equipment will keep you running. All Lifan engines are Industrial Grade and feature cast iron sleeves, automotive grade rods, pistons, rings, crankshafts, valve and valve springs. The Lifan Overhead Valve (OHV) design provides better fuel efficiency, quieter operation, and longer life. This replacement engine is ideal for cement mixers, roofing elevators, paint sprayers, aerators, agricultural equip. and construction equipment.
